

VULNERABLE TO VALUED: SUPPORT YOUNG PEOPLE AT OUR NEXT MAJOR FUNDRAISER EVENT

500 RYMILL HOUSE
1 | 2 | 3 | 4 MARCH 2018

YOU CAN CHANGE A YOUNG PERSON'S LIFE FOREVER. OUR ANGLICAN SCHOOLS RECEIVE A 5% DISCOUNT.

For as little as \$300, you can change a young person's life forever – and at the same time experience premium trackside hospitality and the refinement of Rymill House Estate (March 1 to 4) at this year's motor racing event.

For young people, leaving care involves transitioning from dependence on state accommodation and support to so-called self-sufficiency. Young people leaving care at 18 are at great risk of experiencing negative life outcomes. Due to interrupted schooling and care arrangements throughout their childhood, many young care leavers exit care support with limited independent living skills. Unlike other young people, they have no stable family support or established social circle on which they can rely.

At AnglicareSA, we believe in the talents and aspirations of young people. Through our **Youth Footprints Program**, a joint initiative with Rymill House Foundation, we aim to **create effective transition models for young care leavers**. The program combines a Housing First approach of safe, stable and appropriate accommodation, with individualised and holistic support. It aims to strengthen a young person's independent living skills and resilience through mentoring, education, employment opportunities and community connections.

By purchasing a 500 Rymill House event ticket, you'll get access to an adrenalin-pumping motorsport spectacular AND enjoy a unique business networking opportunity with the who's who of Adelaide while enjoying fine dining and bar service with unrivalled trackside views. And you'll also be supporting an incredible cause.
